I submit that the reason for variation between the district figure and the figure now arrived at by adding up the increases or decreases due to transfers from one head to another is due to the wrong treatment of - - Rs.5262-11 and Rs.3850-2-0 which are minus items relating to Coondapur and Karkal as plus items. This discrepancy has since been reconciled and an erratum list is enclosed. I request that the figures now furnished may kindly be substituted for those already appearing in appendix II. The total percentage of increase in assessment under columns 4 & 5 of para 13(2) of the Introduction report may also be altered as 12.66 and 11.41 in stead of 12.65 and 11.40 respectively.

2. The mistake is much regretted. I shall deal suitably with the clerks at fault.
